

STEEL WORK — Cranes lift sections of steel into place as workers from the Conwago Contractors, Inc., started erecting a new building at the Hanover Area YMCA Family Center, 500 N. George

St., this week. The structure' being constructed at the rear of the YMCA building is covering the Y's outdoor tennis courts. The new building will be used for tennis and various other activities,

such as aerobics and exercise classes, where more room is needed. (Evening Sun Photo)
